Regarding:

On the date President wrote stating that last Wednesday, when the new German Federal Republic was formed, the loyalists of the Army completed the task of military government in Germany, it's him to convey to Gen. of Army, and through him to all the personnel, who have participated in this work, the President's thanks, and of the nation for the achievements in restoring and preserving peace in Germany in resisting the interference of furtive States they restored order and made a beginning of local govt. In both, and later, through accords fusion with British Zone, and French Zone, it became possible to establish the German Republic and to integrate Western Germany into European Recovery Program. Then the return of General Clay last spring, the people of West poured forth their expression of gratitude for what had been achieved under his direction. Make all who worked in this great effort to have recognition. In sure that history will find that the unprecedented relationship established between visitors andiqed also indeed strengthened the peace of the world.
