RE:

RELATIONSHIP BETWEEN THE UNITED STATES AND THE SOVIET UNION

Date: 10/25/1945

Subject: Relationship Between the United States and the Soviet Union

Dear Mr. President,

I am writing to you in confidence as we have agreed to do so in our previous correspondence. I am concerned about the recent developments in our relationship with the Soviet Union.

The recent intelligence reports indicate that the Soviets are increasing their military presence in Eastern Europe. This is concerning as it appears to be a direct challenge to the post-war order that we have established.

We must remain vigilant and take appropriate steps to ensure our national security. I recommend that we increase our military presence in the region and strengthen our alliances with the countries in the area.

Please consider this request and take action as you see fit.

Yours sincerely,

[Signatures]

[Handwritten Notes]

Regarding the recent intelligence reports indicating an increase in the military presence of the Soviet Union in Eastern Europe, it is important to act promptly.
