H.R. 5678
veto (6/25/52 P.M.)

Harry Truman, Cong.
Your veto of the McCarren immigration bill was disgraceful.

Don't you care that the people have absolutely no respect for you? Can't you do one decent thing that will at least make a few people ^{lose their} utter contempt and disregard for you?

Are you not interested in anything that will benefit the people?

Can't you ever think of anything but "cheap politics"?

Millions of people will get on their knees and humbly thank God when you are no longer President of this great Country no one ever drug this nation down as you have. Thoroughly disgusted
Mrs. J. A. Gile
