

# SOWERS-TAYLOR COMPANY

Mill Work, Lumber  
Sash, Doors and Builders Hardware

1817 CAMPBELL STREET

KANSAS CITY, MO. *Fort Riley, Kans.*

July 4, 1925

Dear Bess:-

We came through on schedule arriving here at 2:30 P.M. We got to Topeka at 10:00, Manhattan at 12:30 where we had a good dinner on Col Elliott. The road was very good - not a bad place in them. There is only one draw back to the arrangement - I am quartered in the same room with the Col. and Capt Percy Fleming. I guess I can stand it though.

I hope your foot is much better and that Miss M.M. is behaving as she should. There is only one draw back to this camp business I can't have you

both with me. I sure do miss you.  
I hope you are feeling all right. I am  
rather tired and hot but there is a  
good breeze blowing.

Claud Savers let me have this paper  
so I could start the week right.

I hope you are doing the same thing.

My mind is rather blank and I  
hope I can do better tomorrow

I love you  
Harry

Kiss Miss Skinny for me

Please look in my right hand top  
drawer and send me the ornament  
for my hat. It is metal and has  
a couple of bears supporting an art  
illery shell

H.S.T.
