My very Dear Daughter
 Midge, I know you
 are more than happy with
 Bessie and the dear little ^{Baby}
 (Dear little Daughter) doing
 so well. I was so happy
 to receive your good
 letter this morning and
 thank you so much for
 your beautiful Birthday Remem-
 brance. When my newest heart
 Grand Daughter is named, I
 want to give her a silver
 cup, I think of her a great
 deal, and so ^{would} love to see
 both Mother and Daughter.

We have had a lovely
winter, my neuralgia was
very severe, but left me
about as suddenly as
it came, Frank does not
seem to improve much,
and is still under the Dr
care, we have bright sunny
days but often the wind is
is too cold to be out, I trust
Bessie and Baby will continue
to improve and all the family
will keep well, Lots of love
to all and every one

Mother
