OUTGOING CLASSIFIED MESSAGE

TO: CINCPFE (COMMAND) TOKYO JAPAN
MR: JCS 87570
31 JUL 50

PERSONAL FOR MACARTHUR FROM JCS

In accordance with previously-approved long-range plans, formulated prior to the Korean incident, for dispersed storage of non-nuclear components for atomic bombs, all such components will be placed in storage on Guam. The expected date of completion of the movement is 12 August 1950. Shipment of nuclear components, requiring 72 hours, plus Presidential decision authorizing use would be necessary before atomic bombs could be employed.
